NOTE.—At the Distribution of Profits for the Five-year period ending 31st December, 1909, the sum of $4,038,549.80 was apportioned for distribution in cash among Policyholders.

The "ROYAL" was established Sixty-seven years ago, and is transacting an increasingly large business.

Careful Investment of Funds and Strict Economy of Management have always characterized this Company.

Commissions and Expenses of Management represent only 9% of the Income—a singularly striking evidence of the extremely economical Management.

Thus it is clearly and unmistakably indicated that the company, by the exercise of economy, is effecting unusually large savings for its Policyholders.

The same rate of BONUS has been maintained unaltered for the past 45 years by the "ROYAL."

Looking into the future in the light of the tried and proved experience of 67 years, the prospects can be regarded with the utmost confidence.

Absolute Security and Complete Safety

of the Funds of an Insurance Company should constitute the first attention of an intending insurer.

PACKED IN SCOTLAND

"Three Quaker" makes better Tea and more of it. It has an aroma and flavour unequalled. Sold only in sealed packets, at **50c.** and **60c.** per lb.

"Three Quakers sat talking well into the night,
Well into the night, till the fire went down:
Each talked of the liquor which he loved the best,
That liquor so mellow, so nice, rich and brown,
'Twas 'Three Quaker' Tea so good and in fragrance excelling."

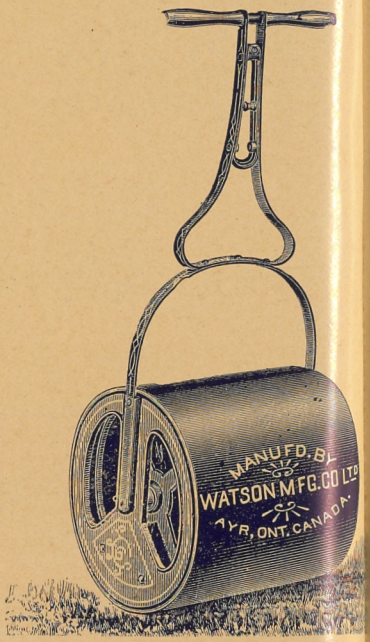
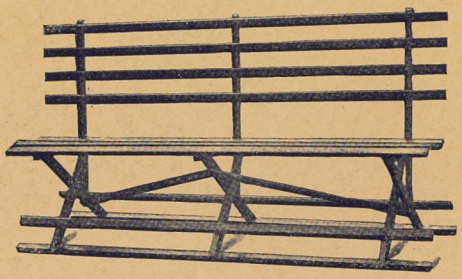
Lawn Rollers

Without a good Roller, a smooth, even lawn is impossible. The Roller illustrated is on the lines of the best English makes. Rounded edges so that it will not cut or tear the turf. 20 inches in diameter by 20 inches wide. Every Roller made in two sections. Handle stands straight up when not in use. Made in 250 lb. and 350 lb. sizes for ordinary lawns. Special Rollers for Cricket, Tennis and Bowling Clubs.





Lawn Settees

Comfortable and will stand hard usage. Well braced—can be folded for storage. Footboard to protect grass and keep feet from damp. Length, 6 feet; Weight, 40 lbs. **400 of this pattern supplied City of Winnipeg.**

Lawn Vases

Beautiful and lasting ornament for lawns, verandahs, balustrades, etc. Painted with handsome Aluminum Bronze. Gives distinction and "class" to your lawn or garden.

Every progressive machine shop that has more business than it can easily handle should get in touch with us. We can supply machines that will increase your output at minimum labor cost, and eliminate the necessity of increasing the capacity of your plant.

We have competent engineers at each of our offices who will gladly tender their services, absolutely free, to help you pick the most suitable machines.

Great care has been taken in selecting the lines we carry, and we know from experience that they are the best value we can offer our trade.

Everything is backed by our guarantee to be as represented. If after a trial you find any article or tool lacking what we claim for it, ship it back at our expense.

Salt Glazed Vitrified
Sewer Pipe

Made on the American Continent

Is invaluable for draining low lands; is unequalled for well cribbing; is impervious to the action of frost and water; for road culverts and small bridges, beyond comparison; for chimneys and chimney lining, is better than iron.

Builders' Supplies

Stone of all descriptions; white and gray lime; cement; wood fibre and hard wall plaster; hair; sand mould, fire and common brick; fire clay; Keene's cement; wood lath; river and pit sand, gravel, etc.

Asphalt and Rubber Roofing

Is the best roofing that is made; is sold under a positive guarantee; is cheaper than wood or metal shingles; is more durable and more satisfactory.

The Reason

Why the CITY DIRECTORY is in the front rank as an advertising medium is because it has builded for the respectable and responsible buyer as well as for the respectable and responsible seller and has brought them together in the right way by making the right kind of people acquainted with each other.

Macey Macey

The Success of Your Business

Depends largely on systematic management, and that is almost impossible with poor office equipment.

When you select "Macey" Filing Devices and "Macey" System Desks you are assured of having that equipment which permits and assists easy systematic management.

SAFETY
SERVICE
ECONOMY

The six rows of heavy rubber studs are arranged in such a way that they exert a positive resistance to side pressure from any direction at angles with the straight course and make skidding or slipping practically impossible.

The extra thickness of the studs gives Republic Staggard Tread Tires a riding surface equal to two ordinary smooth tread tires—meaning twice the service.

This is what users say about FIRESTONE PLAIN AND NON-SKID TIRES.
When you buy tires, you want SERVICE for your money NOT continual adjustments.
A few dollars difference for first cost is nothing compared with the extra mileage you receive. You can buy tires for less money, but you cannot buy cheaper tires to use. When you use FIRESTONE TIRES you get—

MOST MILES PER DOLLAR OF COST MOST MILES PER GALLON OF GASOLINE
MOST MILES PER DOLLAR OF CAR UPKEEP

The Tribune Publishing Company

The real success of a business is dependent upon mutual profit — profit to the business as a business and profit to the community which that business serves, no institution can be permanently successful on any other basis.

The Tribune

has now served almost a generation of Winnipeggers helping its community and itself to success. To its readers it has proven a clean and aggressive home newspaper and to its advertisers it has shewn that no campaign in Winnipeg can be complete without it.

Introductory

The 35th Annual Edition of Henderson's Winnipeg City Directory is an achievement in directory publishing. The volume is the result of careful work; the product of an experienced field and office force, under expert supervision, and working in accordance with the latest and best methods known in directory publishing. The publishers feel confident that they are supplying their patrons with a directory that will meet the requirements of the most exacting.

Possibly no other volume or catalogue of statistics could more accurately portray the city's expansion and progress, nor more minutely represent its industrial growth and development in every department. The directory is the one and only detailed record of a city's prosperity.

This Edition embraces the area of GREATER WINNIPEG, comprising the territory of the City proper, Elmwood, St. Boniface, Norwood, St. Vital, St. James, Assiniboia, Kildonan and other environs.

The form of the pages is the same as last year. The "ditto' System has been continued, but a number of the corner card advertisements have been eliminated, so there are more names per page than last year, and a larger increase in the amount of the information than indicated by the additional pages. Each year we endeavor by some scheme or method to hold the directory to its present compressed and convenient thickness.

Population

It is customary for Directory Publishers to give an estimate of the population of a city based on the number of names the Directory contains. Henderson Directories use the multiple of 2.75, considering it conservative, but the Publishers wish it to be understood that their figures deal with GREATER WINNIPEG, and to regard them as an estimate only. IT IS NOT A CENSUS.

The Directory method is generally accepted as the proper manner in calculating the population of a city. In adopting the multiple stated, there is the same probability that the Publishers have been as much conservative as liberal. THE INCREASE IN POPULATION RECORDED IS DEFINITE. The estimate now arrived at gives the

Population of Greater Winnipeg, 260,436 Souls

The appended Table indicates the increase in the population of Winnipeg since the first issue of Henderson's Directory in 1876 :—

Year	No. of Names	Estimated Population	Increase %
1876	1,080	4,050	
1880	2,156	7,847	93.75
1890	8,334	27,085	245.16
1900	15,151	50,503	86.46
1910	60,232	172,865	242.28
1911	71,007	204.145	
1912	82,669	227,339	
1913	94,704	260,436	

The Publishers thank the Public for their courtesy and kindness in supplying information and the Subscribers for their liberal support in the production of this work.

WATERWORKS

The water works system is owned and operated by the City. The supply is from an artisan source, and is exceptionally pure.

The daily pumping capacities of the several wells is approximately 10,000,000 gallons.

The reservoir capacity is:
No. 1, 300,000 gallons
No. 2, 6,000,000 gallons

The total length of domestic water mains December, 1912, was 236 miles.

The Fire Service Waterworks has a capacity of 12,960,000 gallons per day against 300 lbs. pressure. This service is operated by 2500 h.p. gas engines. There are 10 miles of high pressure water main in the business districts and 100 special hydrants.

WINNIPEG GRAIN EXCHANGE

The Winnipeg Grain Exchange is by far the largest and most important one in the Dominion of Canada today, and occupies a magnificent exchange building in which is most satisfactorily handled the ever-increasing volume of business created by the enormous crops of Manitoba and the Northwest Territories.

Although the Exchange's future trading market has not been long in existence, its quotations are regularly supplied by the telegraph companies to the leading grain and produce associations of Canada Great Britain and the United States, upon whose quotations they exert a strong influence.

MISERICORDIA HOSPITAL
(Maternity)
20 Sherbrooke Street

A modern, sanitary building, conducted by the Sisters of Misericordia. The institution was founded in 1898. The hospital can at present accommodate 250 patients. In addition to public wards, there are several semi-private and private rooms, two well equipped operating rooms, an adjoining preparatory or dressing room for patients, also a consulting room for doctors.

All physicians are free to attend their cases. In connection with the hospital is a training school for nurses. One year's course in Obstetrics and Gynaecology.

Superior—Sister St. Aime

MANITOBA GOVERNMENT TELEPHONES

Commissioner, George A. Watson; Chief Engineer, H. E. Brockwell; Chief Clerk, W. R. Harris; Local Manager, James F. Innes; Provincial Commercial Superintendent, James T. Mattice.

The Government System connects with the long distance and local lines of the Government of Saskatchewan.

In addition to the above the Government System makes connection with the systems of the different municipalities throughout the province and the systems operated by farmers locally.

It also has a connecting agreement with the Northwestern Telephone Exchange System, to points in the United States, via Neche, Hannah and Emerson.

UNIVERSITY OF MANITOBA

Broadway, west of Kennedy Street

The University of Manitoba, established by the Act of Legislature in 1877, has the sole power of conferring degrees in Arts, Law, Medicine, Engineering and Pharmacy in the Province of Manitoba.

Degrees of Divinity may be granted by the various colleges affiliated with the University, provided that all candidates for the degree of Bachelor of Divinity, not graduates of this or any other University, shall have passed a satisfactory examination on the subjects of the first and second years in Arts as prescribed by the University, Greek being compulsory, and such graduates in Divinity have in the University the same rights and privileges as other graduates.

The government of the University is vested in the Chancellor appointed by the Lieutenant-Governor in Council and a council of sixty-one (61) members, composed of representatives from each of the affiliated colleges, the members of Convocation, the College of Physicians and Surgeons of Manitoba, the University Faculty and the Provincial Government.

The following colleges are in affiliation with the University: In Arts, St. Boniface College (since 1879), St. John's College (since 1877), Manitoba College (since 1877), Wesley College (since 1888. In Medicine, Manitoba Medical College (since 1882). In Pharmacy, Manitoba College of Pharmacy (since 1902).

The general superintendence of all examinations is entrusted to a Board called the Board of Studies, composed of members of the Council elected annually as follows: Two by each of the affiliated colleges in Arts, two by the graduate representatives, one by the College of Physicians and Surgeons of Manitoba, one by the Manitoba Medical College and one by the Council.

REMEMBER

The CITY DIRECTORY is the most effective and most economical method of reaching all the people all the time.

¶ *Those who buy without looking at the list of those who sell do themselves a great injustice.*

¶ *The CLASSIFIED LISTS in the BUSINESS DIRECTORY form the very best BUYER'S GUIDE on earth.*

¶ *A modern, systematized, up-to-date method of getting what you want.*

Henderson's
Winnipeg
Street and Avenue Directory
For 1913

This section of the Directory is presented in condensed form.

Full information will be found in the Alphabetical Section.

Avenues all run East and West and are numbered under 200 East of Main Street, Main to Princess 200 to 300, west of Princess 300 and upwards.

Streets running North and South are numbered from the Assiniboine River as a base Northwards, and again from Notre Dame as a base Northwards.

The word "street" is always implied.
